ATTESTATION AND DISCHARGE SURNAME INDEX

PREFACE.

The Public Record Office in association with the Friends of the Public Record Office and the Army Museums Ogilby Trust, embarked on an ambitious project in May 1992.

The object of the project was to produce a nominal index of soldiers Attestation and Discharge papers, for the period from 1760-1854, of soldiers discharge to pension or on completion of long service.

Every family historian experiences the same problem when tracing an ancestor who has served in the army, "Which regiment did he serve with.?" There is no laid down procedure to overcome this problem, simply because an individual did not have to declare on any form of record, which regiment he had a preference to join.

The W O 97 index will make this line of inquiry more easy going, by the fact that it will list an individual by alphabetical surname, also listing age, place of birth, and any regiments he may have served with.

There are many classes of records available to the family historian, but one has to consult with the Public Record Office Information List at Kew.

The W O 97 is only one of many, and each researcher has to choose the record to fit the line of their research.

INTRODUCTION.

Throughout this index you will come across certain pieces of information which have not been filled in, due to the fact that the information was not entered on the documents.

Where this is evident, the space will be represented by the following symbol //.

Where a soldier has more than one army serial number, each number will be along side of the respective regiment.

Refer to appendix A-B-C for abbreviations to country, county, and regiments.

To establish the reference number of the required soldiers documents, locate the individual, note the "DOC REF" at the beginning of the index section of names, ie: W097/781, this consists of the CLASS-GROUP-PIECE numbers.

To obtain copies of the soldiers papers, one must make enquiries at or visit the Public Record Office, Ruskin Avenue, Kew, Richmond, Surrey TW9 4DU, quoting the Group-Class-Piece number(s).

FENCIBLES-Use the appropriate county abbreviation (given in appendix A) preceded by F and ignoring any county sub divisions and regimental titles.

For example, Royal Bristol Fencibles is abbreviated as FBST; Lancashire Fencible Cavalry Regiment becomes FLAN. Some fencibles had two county names in their title; abbreviate only the first, eg the Devon and Cornwall. Fencibles should be noted down as FDEV. Not all fencibles took county titles; these are abbreviated as follows:

ATTESTATION AND DISCHARGE SURNAME INDEX

PREFACE.

The Public Record Office in association with the Friends of the Public Record Office and the Army Museums Ogilby Trust, embarked on an ambitious project in May 1992.

The object of the project was to produce a nominal index of soldiers Attestation and Discharge papers, for the period from 1760-1854, of soldiers discharge to pension or on completion of long service.

Every family historian experiences the same problem when tracing an ancestor who has served in the army, "Which regiment did he serve with.?" There is no laid down procedure to overcome this problem, simply because an individual did not have to declare on any form of record, which regiment he had a preference to join.

The W O 97 index will make this line of inquiry more easy going, by the fact that it will list an individual by alphabetical surname, also listing age, place of birth, and any regiments he may have served with.

There are many classes of records available to the family historian, but one has to consult with the Public Record Office Information List at Kew.

The W O 97 is only one of many, and each researcher has to choose the record to fit the line of their research.

INTRODUCTION.

Throughout this index you will come across certain pieces of information which have not been filled in, due to the fact that the information was not entered on the documents.

Where this is evident, the space will be represented by the following symbol //.

Where a soldier has more than one army serial number, each number will be along side of the respective regiment.

Refer to appendix A-B-C for abbreviations to country, county, and regiments.

To establish the reference number of the required soldiers documents, locate the individual, note the "DOC REF" at the begining of the index section of names, ie: W097/781, this consists of the CLASS-GROUP-PIECE numbers.

To obtain copies of the soldiers papers, one must make enquiries at or visit the Public Record Office, Ruskin Avenue, Kew, Richmond, Surrey TW9 4DU, quoting the Group-Class-Piece number(s).
