Where it may appear doubtful that the inscription or typing is accurate due to peculiar spelling or repeated dates etc., these have been underlined to indicate correctness.

Except for sentimental reason there should be no need to visit the graveyard because each inscription has been transcribed in full. There may of course be further stonemason additions of either future or past burials, subsequent to this recording.

A copy is to placed with the Society of Genealogist in London, the Central Library in Sheffield, the Sheffield Family history Society and the Genealogy Library of The Church of Jesus Christ of Latter-Day Saints at Grenoside, Sheffield. The master copy will remain with me.
